Dear Ms. Dertch

There are, even now, too many unacceptable use of poor language on T/V, from both men and women!

For several years now there have been way too many commercials for sex materials on the T/V and just recently an added one - a legged underwear sales type ... all these are on the screen when teens and young adults are viewing T/V.

Dear Secretary

It has come to my attention  
of the FCC wanting to stop enforcing  
policy's enforcing indecent broadcast  
content, this should be stopped now.

I would also like to complain  
about the change that took place  
2-3 years ago when we could get TV  
on an ariel anywhere. Now everything  
is changed when we have to have  
2 or 3 satellite boxes to get anything,  
now we get only  $\frac{1}{4}$  of what we used  
to get and if it rains you can't get  
anything even on Direct TV. On  
Direct TV we have over 150 stations,  
we use about 25 stations and the rest  
are useless. Recently they started Billy  
in \$2.00 min for Sports we never watch  
I bet sports. Our Bill is about \$69.20  
per month for mostly useless crap.

TV should be put back to where it  
was 3-5 years ago. The crap that  
is put on for entertainment is pure

Why are you allowing completely indecent content on TV — especially during times when children will be watching — including nudity, rape, incest, sickening violence.

We want more decency standards — not less. Our children should not be viewing all these depraved + violent actions.

Decent people do not want to have to pay for all this trash on TV. Why do you not care about the decent people in this country instead of catering to the entertainment industries bosses?

American people want more enforcement of broadcast decency laws. We do not want to pay for this depravity.

This is to inform you that on Sunday, April 14, 2013 at 9:30 pm ET in an episode of "American Dad", Fox TV aired indecent programming depicting sexual orgy and perversions of all kinds.

This clearly violated FCC rules which limit such programming until after 10:00 pm. As an American citizen and taxpayer who funds your agency, I DEMAND that you do your job. You have a legal responsibility to enforce the law and hold law-breakers accountable. # Take Action Against FCC's New "Anything Goes" Rule Change!

**N**udity, f-bombs, kinky sex, fetishes, orgies — on prime-time shows watched by millions of children. That's what is on the horizon, if the FCC's proposed rules change goes into effect. (For an example of the kind of thing the FCC **ALREADY** allows on TV, see **page 4**.)

But fortunately, the rules change hasn't gone into effect **YET!** The old rules **STILL APPLY!** And the law requires that, before such a change can go into effect, the FCC must allow the public to comment.

We cannot let this change go unchallenged!

You can **STILL** make your voice heard. The FCC is accepting public comments on the proposed rules change until June 20th.

**PLEASE** take this opportunity to let the FCC know that you **OPPOSE** their proposed changes — and remind them that they don't work for the entertainment industry's millionaire bosses, but for the American people!

File your public comment with the FCC, and tell them America's families want **MORE** enforcement of broadcast decency laws — **NOT LESS!**

The FCC will not accept general email comments. To be valid, you are required to file a formal

comment via the FCC's website, or U.S. mail.

## Public Comment: FCC Proceeding 13-86

I oppose any changes to the current FCC indecency standards. The FCC must continue to vigorously oppose ALL indecent content, even if brief or "fleeting."

The Supreme Court has affirmed the FCC's authority to enforce policies prohibiting indecent broadcast content during hours when children are likely to be in the viewing or listening audience. Relaxing the current policy would not serve the public interest.

I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.
